SUMMARY

Front-end developer with **4 years of experience** building web apps, learning platforms and admin dashboards, mostly with **React, Next.js and TypeScript**. Focused on performance and SEO, with hands-on experience in Monorepo setups and CI/CD. I use AI tools like Claude Code, Cursor, Antigravity and Hermes every day, which helps me **ship better work, faster**.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks: React 18/19, Next.js (App Router), Astro, Remix, Refine, TanStack Start

Styling & UI: Tailwind CSS, Shadcn UI, Chakra UI, Material UI, PandaCSS

State & Data: Zustand, Jotai, Redux, TanStack Query (React Query), SWR

Tools & DevOps: Git (GitHub, GitLab), Turborepo, pnpm, Docker, CI/CD

AI-Assisted Development: Claude Code, Cursor, Antigravity, Hermes

Performance & SEO: Core Web Vitals, Technical SEO, Performance Optimization

EXPERIENCE

Armani English — Front-End Developer, Tehran, Iran (Hybrid)

Sep 2022 – Present

- Built and maintain the company's main website and admin panels, working closely with the design team on responsive, reusable UI components.
- Developed **AI-powered features**, including an automated exam and scoring system.
- Cut page load times by **30%** by fixing Core Web Vitals issues, and noticeably improved **SEO** and the **CI/CD** pipeline.
- Use Claude Code and Cursor day to day to move faster on features and refactors without cutting corners on quality.

InnoLearn — Front-End Developer, Melbourne, Victoria, Australia (Remote)

Oct 2025 – Present

An all-in-one digital learning platform that brings together an LMS and InnoMeet, a live online meeting app.

- One of **two front-end developers** on the product. Built much of **InnoMeet**, including chat, live video, image and audio streaming, and live quizzes and polls.
- Built a native **image creation tool** (no AI), the **assignments and exams** module, and several landing pages for the main site.
- Often took on work outside my role, improving the product's **UX** and the team's **CI/CD** setup.

PROJECTS

Armani English Website | armanienglish.com | *Next.js, TypeScript, Tailwind CSS, Zustand, React Query, Zod*

A large, multi-page store for educational products, kept up to date with the latest framework versions. SEO improved significantly.

InnoLearn & InnoMeet | innolearn.ir | *Next.js, TypeScript, Turborepo, pnpm, Tailwind CSS, Zustand*

An LMS and live meeting platform in a single Monorepo, with live streaming, quizzes, polls and a built-in image tool.

Armani Learning Portal | my.armanienglish.com | *React, TypeScript, Chakra UI, Shadcn UI, SWR, Jotai*

Student portal with real-time exams, AI scoring, a smart study planner, study clubs and live webinars.

Personal Portfolio | mahdimirmo.ir | *Astro, Island Architecture*

My personal site and "comfort space", with a built-in radio, a Pomodoro timer and a few other tools. Built with Astro's island architecture to keep it fast.

Hesabikav (Financial Analysis Startup) | *Next.js, Tailwind CSS, Shadcn UI, Aceternity UI*

Interactive landing page that explains the product clearly and helps win over B2B clients and investors.

EDUCATION

B.Sc. Mechatronics Engineering (Computer + Mechanical) — Iran University of Science & Technology

2019 – 2023

Diploma in Mathematics & Physics — Allameh Helli High School (NODET)

2013 – 2019
